

MTH4108 Probability I – 2009/10

Information concerning the mid-term test

Lecturer: Bill Jackson (email: B.Jackson@qmul.ac.uk, Room 253)

Mid-term test: Friday 13 November 9:00–10:00 Great Hall

Revision Class: Monday 9 November 9:00–10:00 Mason LT

Office Hours for Reading Week: Monday 9 November 13:00–15:00

Thursday 12 November 10:00–12:00

Revision Class: I will go over last year's test and answer any questions you have about this module. I will not tell you what is in this year's test or try to reteach the material which appears in it. Previous years' tests can be found on the module web-page. I will not provide solutions to these. If you are stuck or unsure about a particular question then come to ask me in my office hours.

Test: The test is based on the material covered in the lecture notes up to and including Theorem 9.1 and in exercise sheets 1-6.
