# PASS

# Peer Assisted Study Support

## in Maths 2011/12

New Maths students will find friendly faces and helpful advice in the regular PASS (Peer Assisted Study Support) sessions run for first-years by higher-year students.

PASS mentors are trained volunteers, keen to help you make settling in a bit less overwhelming and to get the most out of your studies. They are there to talk through your work or just to reassure you that they have 'been there, done that, got through it and enjoyed it!'

Any first-year student is welcome to come along to a session to see if they find it helpful. If you do, you can come again frequently or occasionally, as it suits you.

For more information on times and dates, you can contact either of the PASS student organisers (both third-years):

Luke Armstrong, [ah09172@qmul.ac.uk](mailto:ah09172@qmul.ac.uk)

Richard Smith, [ah09029@qmul.ac.uk](mailto:ah09029@qmul.ac.uk)

or Dr Juan Valiente-Kroon, academic coordinator for PASS in Maths, [j.a.valiente-kroon@qmul.ac.uk](mailto:j.a.valiente-kroon@qmul.ac.uk)

or Dr Debbie Andrews, peer mentoring coordinator, [d.m.andrews@qmul.ac.uk](mailto:d.m.andrews@qmul.ac.uk)
