

SCHOOL OF MATHEMATICAL SCIENCES MODULE QUESTIONNAIRE
for students taking a lecture module in
SEMESTER B, ACADEMIC YEAR 2008-09

SUMMARY OF COMMENTS

Module: MTH5105 Differential and Integral Analysis

Lecturer: T Prellberg

Checker: M Walters

Please type or write legibly.

Checker: Please summarize common comments, both good and bad, indicate in square brackets after each comment summary how many times students made this comment, and ignore uncommon comments (unless you think they are important):

Amazing lecturer [1]
Very good [1]
would like both exercise classes [1]
Boring coursework [1] (from an generally
disgruntled student so probably not significant)

Lecturer: Please respond with comments and/or proposed actions:

Coursework is quite challenging for the majority of
students - don't see how I can make it "less boring"

Otherwise no comments

Please write here any comments, including both positive and negative, about the module specifications and delivery. Continue overleaf if necessary.

Amazing lecturer. The module is very hard, but in a good way, it's very challenging, and the lecturer does not seem stressed because of the large amount of material he has to cover. A lecture room with more/better blackboards would be more suitable. But yes, overall this class cannot be praised enough
